

# TPM (Total Productive Maintenance) Facilitator Course

Duration : 5x2 days  
Fee : On request  
Format : In company

## Key Benefits:

- Understanding TPM, the pillars and the structure
- Understanding Daily Management System
- Zero Loss Analysis and cost savings
- The implementation process
- How to involve and engage operators in continuous and focused improvement
- Examination with personal feedback

## Target Audience:

This course is especially designed for people intended to become a TPM facilitator who train and engage colleagues in the TPM journey. Also TPM Program Management can be part of this training course

## Introduction

This 5x2-days Total Productive Maintenance (TPM) facilitator training is a powerful course intended to teach delegates the design and implementation skills necessary to implement and manage a TPM implementation program.

Participants learn which aspects are included in the TPM program, and how these interact with each other. Also participants will gain in-depth understanding of each of the pillars, and how these can be put into practice.

The training focuses on the TPM program competence and how these can be implemented in daily practice. Furthermore, this training course enables delegates to concentrate on consolidating the skill-sets that are most appropriate for their company.

## What makes this course unique?

The course material is based on current best practice from leading worldwide companies. We have more than 20 years' experience in Total Productive Maintenance program implementation. Paul Bekkers is a JIPM Certified TPM instructor (certificate nr 829).

## Course Objectives

- Introduce delegates to the concepts of Total Productive Maintenance.
- Provide the participants with the understanding and techniques for an effective implementation for each of the pillars.
- Learn about defining, measuring and tracking of Focused Improvement Projects within the TPM program as well as the validation of the benefits (results).
- Companies that already have started their TPM journey can learn about key steps on how to manage and improve the day-to-day activities.
